Recitation Syllabus

MA 113(MA 193) Section 021 & 028 Fall 2014

Contact Information:

Teaching Assistant: Yaowei Zhang

Phone: 859-257-7217

Email: Yaowei.zhang@uky.edu

Office Hours:

TR 3:30 -4:30pm in POT 906

W 1:00-2:00pm in Mathskeller

And by appointment

Section 021

Class hours: TR 12:30-1:45pm

Location: CB 345

Section 028

TR 2:00-3:15pm

CB345

The purpose of this class is to provide additional time for students to work problems.

Assignments: there will be no out-of-class assignments or additional reading for this class. Most time in class will be spent in group work. Our goal is for students to develop problem solving strategies and a deeper understanding of mathematics by solving problems. Students will be expected to work for the full 75 minutes on the assigned problems, write out solutions, prepare and present their solutions clearly and completely.

Attendance:

You are expected and strongly advised to attend all lectures and recitations. You will receive full recitation attendance credit if you have at most 2 unexcused absences. Attendance in recitation is one of the requirements for a passing grade for MA 194. Coming later or leaving earlier without permission may be counted as an unexcused absence.

Additional comments:

Use common courtesy (like cell phone-free).

Please see common syllabus for more details.
